We wrote this chart on a big piece of poster board and wrote out the actual verse along with the reference for each. We placed it in a prominent spot in the house. This is not meant to be a comprehensive chart. This is just what our kids were struggling with at the time we made up our last consequence chart.

Make a list of what offenses your kids are having trouble with and come up with appropriate consequences for each. The purpose is to help guide them into making wise choices.
